Khushi Yadav

BCA

About

Proficient in HTML, CSS, and JavaScript, with a foundational understanding of modern libraries and frameworks like React.Js and Committed to continuous learning and keeping up with the latest web technologies.

Education

SAGE University

BCA | 2023 - Present

Shree Academy

Class XII | 2023 | 80%

Shree Academy

Class X | 2021 | 93%

Projects

Netflix Clone

Created a pixel-perfect static clone of the Netflix homepage using only HTML and CSS to demonstrate strong skills in layout design, responsive web development, and attention to detail.

F1 streetwear

F1 Streetwear – E-commerce Website
HTML, CSS, JavaScript | GitHub Pages

Currently building a responsive F1-themed fashion website with modern UI/UX, product sections, and contact form. Continuously enhancing design and interactivity.

Yummy Food Restaurant Landing Page

Yummy Food – Food Delivery Website

Frontend Development | HTML, CSS, JavaScript | Responsive Design
Designed and built a visually engaging, mobile-friendly landing page for a food delivery platform. Features include interactive menu sections, smooth scrolling, and appealing UI to improve user experience and brand appeal.

Achievements

- Managed logistics, venue setup, and technical arrangements for "Placement Talk II" session at SAGE campus, ensuring a smooth and professional event execution.
- Attended Product Management Tool using Jira Workshop by Ms Priya Gulwani, Jan–Jun 2025 session.
- Completed Coding Block session by Mr Aditya Sharma in Jan–Jun 2025, exhibited strong programming skills.
